TRACK MEET TO BE AT JAMESTOWN

American Athletic Union Awards
These and All Field and Swimming
Contests to Exposition.

J. E. SULLIVAN PRESIDENT

All Officers for Ensuing Year
Chosen Yesterday — Various
Associations Represented.

NEW YORK, November 19.—James E. Sullivan was today elected president of the Amateur Athletic Union of the United States. Captain John J. Dixon, of Brooklyn, was elected secretary and treasurer, to succeed Mr. Sullivan, who has held the latter position for sixteen years.

The following were elected vice-presidents:

William G. Harrison, of San Francisco, representing the Pacific Association.

W. D. Nesbitt, of the Southern Association.

John G. Pennington, of the South Atlantic Association.

John J. O'Connor, of the Western Association.

College athletes must in the future choose between their college and their athletic club. They will not be permitted to represent both at the same time. This choice may be made once each year.

The meeting adopted the following resolutions:

"An undergraduate may, for purposes of registration and competition, consider either his home or college as his residence, but at the time of registration he must elect to represent either his club or his college, and cannot change such election during the registration year."

The championship committee decided to award the Amateur Athletic Union track, field and swimming contests to the Jamestown Exposition for next year, and the boxing matches to Boston.

JAMESTOWN TO PREPARE FOR THEM

Course Already Mapped Out and
Swimming Races Will Take
Place in Hampton Roads.

NORFOLK, Va., November 19.—To take care of the championship track, field and swimming contests awarded to Norfolk by the championship committee of the Amateur Athletic Union of the United States, the Jamestown Exposition is making extensive preparations. James E. Sullivan, president of the A. A. U., who is in charge of the exposition, has drafted plans for the track and field events, and has arranged for the swimming races to be held in Hampton Roads.

The swimming contests will take place in Hampton Roads and it is expected a handsome prize will be offered for the winner who crosses the mouth of the Chesapeake Bay, a course very much like that of the King of the Sea, a member of the body. The King of the Sea recently defeated Sullivan, who was commissioner from America to the Olympic games.

WANTS A MATCH.

Oscar Otto Issues Challenge to
All Wrestlers.

Oscar Otto, who wrestled in this city four years ago, has just issued a challenge to all wrestlers of the city and vicinity on the mat during the next few months. Otto claims to have the championship of Belgium of the wrestling mat for four years, and says he can put any local man to the floor. If there is no aspirant in the city he is anxious to take on Benny Jones if a match can be arranged. He makes no conditions as to style of wrestling, saying that his opponent may choose any style he prefers.

Otto also wants to introduce his wrestling partner to the Richmond public. His name is Max Muller, and Otto declares him to be a good man for the middle-weight class.

NEW YORK SHOW DRAWS BIG CROWD

Madison Square Garden, Gay
With Trappings, Filled With
Enthusiastic Horse-Lovers.

VIRGINIA HORSE IS WINNER

Fred W. Okie Among Those Who
Capture Blue Ribbons—Van-
derbilts Have Many Entries.

NEW YORK, November 19.—The horse and the leaders of society, the votaries of wealth and fashion in New York and other cities, combined today to make the opening of the National Horse Show in Madison Square Garden a splendid spectacle of life and color. This evening, with the spacious tank alive with competitors for the coveted blue ribbons, and the boxes and the great spaces encircling the arena crowded with spectators, the show was as regally metropolitan in the display of wealth and beauty as in any of the years that have marked it as the season's social event.

Gay with trappings of orange and black, the association's colors, the garden was well filled this morning at 10 o'clock, when a huge list announced that the exhibition had begun with a list of almost 2,000 horses in the various classes. As the day wore on the number of spectators grew until by the middle of the afternoon the arena was quite crowded. During the day a large number of classes were judged.

The largest prize of the day in point of monetary value was the \$500 blue ribbon carried off by Siriprice, exhibited by the Hanoverian Stock Farm, of East Berlin, of New York City, W. J. Butterfield, Plainfield, N. J.; H. Ogden Chalmers, Morrisville, N. J.; and Fred W. Okie, Lancaster, Pa., and Fred W. Okie, Marshall, Va.

Long blue ribbon winners were Alfred G. Vanderbilt, William H. Moore, August Belmont, of New York City, W. J. Butterfield, Plainfield, N. J.; H. Ogden Chalmers, Morrisville, N. J.; and Fred W. Okie, Lancaster, Pa., and Fred W. Okie, Marshall, Va.

Long blue ribbon winners were Alfred G. Vanderbilt, William H. Moore, August Belmont, of New York City, W. J. Butterfield, Plainfield, N. J.; H. Ogden Chalmers, Morrisville, N. J.; and Fred W. Okie, Lancaster, Pa., and Fred W. Okie, Marshall, Va.

AMERICAN HOUNDS IN ALL-DAY RUN

Red Fox, Being Hard Pressed,
Resorts to Strategy to Elude
Pursuers.

SEVERAL RIDERS DISMOUNTED

Chase Lasted for Seven Hours
Over Course of Thirty
Miles.

(Special to The Times-Dispatch.)
LEESBURG, VA., November 19.—The American hounds of the Loudoun Hunt Club, Mr. Westmoreland Davis, M. F. H., met at Leesburg this morning at 10 o'clock, and were taken to the Vanderhoefer farm, near Clark's Gap, where they started a red fox five minutes after they were cast.

The chase led off in the direction of Hamilton for several miles, then doubled back through the Tironman farm, within one mile of Leesburg, then south across the Heaver farm, where the huntmen encountered five-foot post and board fences, the fox running for two miles, one of the best hunting fields in the State, and after reaching the Woodburn road, going north over the Broadford farm to the Clark estate, then back to the Dry Mill Road, where then placed his retraced his run through the Heaver and Gillette estates, then leaving the Clark place he headed toward Pagan's Spring, from which direction he was turned back by another pack of hounds, running over the Holmes farm. He was so hard-pressed that, to elude the hounds, he resorted to strategy, running for several hundred yards along the top rail of a worn fence, which he followed for a long distance, thus finally eluding pursuers.

The fox was started at 8:30 A. M., and the hounds were not called until 3 o'clock P. M., the chase lasting nearly seven hours, over a course of nearly thirty-five miles.

Members of the Middlesex Hunt Club and the Loudoun Hunt Club followed, and the hounds were not called until 3 o'clock P. M., the chase lasting nearly seven hours, over a course of nearly thirty-five miles.

TEAMS TO BATTLE FOR CITY HONORS

High School and McGuire's in
Race for Interscholastic Foot-
ball Championship.

FINAL GAME ON FRIDAY

Odls Slightly in Favor of High
School—Spiders Getting
Ready for Saturday.

With minds set on the interscholastic championship of the city, the McGuire's and High School eleven are working like little beavers getting in condition for the last game of the season Friday, which will decide where the bay leaves shall rest.

Although the mist and damp of yesterday were enough to deter any team from practice, both were out for short sprints of the week for harder work. Both are confident of victory and are ready to do or die for their school.

Since the game with the High School, however, McGuire's has taken a most decided brace, and in their game with Richmond Academy last week showed that the team had been improved at least 100 per cent. For this week's game a number of players who have started in the game played by them, but who have been laid up with everything, from sprained knees to a charley horse, will be back in the game. Welford, the big guard, will be back and is expected to stop all rushes in his direction.

The High School has been playing the understanding. There were two breaks in the circuit and the linemen were sent out to repair them. John Woods went to the Washington Street house to get a new wire, and he was badly burned about the neck and hands and was unconscious for several hours.

The wire that caused the trouble carried 2,200 volts. The accident appears to have been the cause of an unusual understanding. The cries of the linemen were sent out to repair them. John Woods went to the Washington Street house to get a new wire, and he was badly burned about the neck and hands and was unconscious for several hours.
